

Dettingen, July 2011

A celebration becomes a good party only through its guests!

Therefore we would like to thank you very warmly for your visit for the 150th anniversary of the paper mill in Dettingen. We are pleased that so many people accepted our invitation and hope that you have enjoyed being with us.

Just in case you could not take the book "150 Years Paper Mill Dettingen" with you that evening, you are receiving it today as a little souvenir. If you now have a second copy, please feel free to give it to somebody else who might be interested. Since the book is available only in German, we have added a summary in English.

You will find some pictures and souvenirs of the Jubilee in our web gallery under the following link: <http://www.tw-marketing.de/munksjo>

Best regards,

Your marketing team
